Accountants Report for the past year d^{d}. in.

The Accomptant Delivers to the Board a Report of the state of the Revenues and Expences of the Coast for the year ending Aprill 1731 which being Read the following Remarks thereon are thought Proper to be here incerted for the inspection of Our Hon^{ble}. Masters.

That the Decreace in the Expence of Garrison Charges here was cheifly Occationd by Our Garrison falling short of their appointed number and the Decrease in the Account Sallary from the omission reported the 3^{d}. Instant of Salary Due in March 1731 & paid but not Bro^{t}. to account.

—*FORT ST. GEORGE, JANUARY 1731-32*—

and

That the Charges Hospital, Charges General & Repairs of Fortifications encrease and Decrease as necessity Required in small articles which can not exactly be accounted for.

That the Encrease in Charges Extraordinary is wholly Occationd by eight months Allowance for Diett to M^r^. Macrae and would otherwise have been less than the former Year and the Presents are encreased by the usual Compliment paid the Nabob on the Presidents Accession.

Resolutions

That the great Decrease in the Sea Customes arises from several Articles particularly for that the China and Manilla Ships both lost their Passage & did not import that year and that a Large Pattan Ship and the only one which was Designd to import here Last Year was lost at Sea by which Accidents all those Customes was Lost and

made

That near one thousand Pagodas of the former Years amount of Customes was for Coral imported here the preceeding and then Bro^t^. to Account to which is to be added that the Rate & Quantity of Grain imported by Sea was much Less the Latter than the former Year so that the Customes on that Article only were lessend four thousand four hundred ninety five Pag^s^. 4495.

thereupon.

Another and that no small Cause of the Decrease of our sea Customes is that great Part of the Elephants Teeth, Wax, Tinn &c^a^. which used to be Bro^t^. hither from Pegue and from hence ussed to be sent to Bengal and Suratt &c^a^. now goes Directly to Bengal.

That the Land Custom this Year Exclusive of what paid by the Companys Merch^ts^. are risen again to what they were the Year ending April 1729 from w^ch^. they Last Year fell as was then advised our Hon^ble^. Mast^rs^.

As to the Revenue of the mint the non Arrival of the China ship will in great Part Account for the fall in that Article the Rest of it is Owing to the Extraordinary advantage made by Coining in the Mints about us which so Long as the Arcot Rupee is Current in Bengall will allways prevent our Coining any Quantity of Silver here.

Amount of the Town Conicoplys duty p^d^. in as Collected at the Sea Gate and Choultry.

James Hubbard Sea Customer pays into Cash three hundred and two pagodas seventeen fanams and thirty five Cash. 302. 17. 35. in full of the amount of the Town Conicoplys Duty for the Last twelve months Colected at the Sea Gate and Samuel Hyde Land Customer pays in forty Pagodas twenty seven fanams and fifty Cash 40. 27. 50 in full for what Colected at the Choultry for the same time as by their Respective Accounts.

the money lying in Cash on Acco^t^. of the Town Conicoplys duty to be Applied towards making an Addition to the Sea Gate of a Covered walk.

There being now in Cash upwards of one thousand six hundred Pagodas under the head of the Town Conicoplys Duty it was proposed by the President and unanimously Approved of to make a Coverd Walk from the Sea Gate to the Back Gate of the Fort with four Rows of stone Pillars as being a thing that would Conduce very much to the Beauty of the Town, the Purpose for which the Hon^ble^. Company have been pleas'd to appropriate this Duty as well as to the Ease and Conveniency of the Inhabitants who have hitherto on any hurry of business found the Sea Gate very troublesome and inconvenient from the Crowds of People there at such Times.

the ship Dawsonne Agreed to be laden for Europe forthwith.

The board then taking into Consideration the Dispatch of the Dawson it was thought more for the Companys Interest to send her away as soon as possible than to keep her to go in Company with any of the other ships and it was Accordingly so Resolved and the Warehousekeeper is Directed to putt half what is Wanting to compleat to her Tonnage on board her in peice Goods and the other half in Salt Petre by which means we hope we shall be able to putt on board each ship an equal proportion of Bales.

the Fort S^t^. David Pagodas Reported to be worse than Matt and Coinage stopped.

The Assay Master Delivers in a Report of the Assays he made of the several sorts of Pagodas sent us up by the Deputy Gov^r^. & Council of Fort S^t^. David whereby it appearing that the sort proposed to be Coind at that place is of a base allay and it being hardly practicable as we have no Assaymaster there to prevent Frauds in the Coinage Agreed to write them not to proceed.

——FORT ST. GEORGE, JANUARY 1731-32——

The Storekeeper Delivers to the Board Abstracts of his Accounts for the Last twelve months Account remains in the Storehouse and Indents for stores from Europe for the Year 1733 the Last of which being Examined was signd and all deliverd the Secretary to putt into the Packet. Papers for Europe from the Storekeepr. dd. in.

Fort St. George
January the 18th. 1731/2.

At a Consultation, at the Sorting Godown — Monday 24th.

Present

George Morton Pitt Esqr. Governour, President.
John Roach. James Hubbard.
Samuel Hyde. Augustus Burton.
Nicholas Morse.

The Ingeram Cloth being all sorted the Board mett to examine the same, and having carefully Reviewed several peices of each sort taken indifferently out of the Bales having considerd the Great difficultys of providing Cloth, the Extravagant prices of Cotton in those parts and the several other Arguments made use of by Mr. Sanderson came to agreement with him as follows. — Ingeram

Long Cloth Ordinary No. 1 **B** at thirty five Pagodas ℔ Corge and every lower sortment to fall one 1 Pags. ℔ Corge. — Cloth valued.
Long Cloth Midleing No. 1 at Thirty eight 38 Pags. ℔ Corge and to abate one 1 Pagoda each Lower Number, & on ye.
Sallampores, an advance in proportion.
Izarees, the same as last Year, and

for two Bales Markt **L C M** No. 1 **B** being better than Midling it was agreed to allow him 40 forty Pagodas ℔ Corge which two Bales it was Resolved to take in in Consideration of the Necessity of the times, tho' it be somewhat a finer sortment than Orderd from England to be provided at Ingeram.

After which the Board inspected Such Cloth as had been sorted here on the Contract with Tombe Chitte & offering to make a price with him, he produced to the Board a list of the Cost of the several sortments when Deliverd into the Companys Warehouse, which on the most Solemn Assurances he affirmd to be the true and Real Cost of the several sortments and told the Board he would leave it to them to allow — the Cloth brot in on Tomby Chittees Contract.

——FORT ST. GEORGE, JANUARY 1731-32——

him what advance they thought he Deserved for his Labour the said List is enterd after this Consultation and it being Considerd on the Board argued with Tombe Chitte upon the necessity they were under by his non Complience with his Contract to send Salt Petre instead of Cloth to England by which the Company would be Great Sufferers besides the Great Disapointment it was to them not to have a sufficient Quantity of Cloth for the Markett to w^ch^. he Replied, that he had done his Utmost to provide Cloth, that besides the money the Company had advanced him he had Dusburs'd a Vast Sum of his Own the Interest of which was not included in the above mentiond Account as that Since making out the Said Account he had orderd his Gomastahs to give a Yett further advance which likewise was not included, and that he had not Charged a fanam for his Own and his Servants trouble and expence nor for the Risque of his money which being Argued on both sides it was at Last Agreed to Allow Tombe Chitte the Rates mentiond in his Account.

Honble Sir & Sirs

According to your Orders We have Surveyed the Cordage and find most of them unfit for use by being in the Godown for ten years together and laying them on the ground without wooden Horses must undoubtedly damage them in a small time, we have also looked over the Anchors and find great many of them useless, they scale off in Flakes and must necessarily lose in the weight by the Salt Air; therefor we Judge the selling of them at a Publick Outcry will be best, and make new Horses for the preservation of what should come out by the Company in future.

The Sea Customer delivers to the Board the Accounts of private Trade brought out of the Nassau and Eyles which are ORDERED to be entered after this Consultation and Messrs. Graham and Monson Searchers at the Sea Gate, were ORDERED to go on board to take an Account of what was still remaining in those Ships. Accots. dd. in of Private Trade landed from ships Nassau & Eyles and Survey Ord. of what is remaining on board.

Petition from Captain Benjamine Braund of the Duke of Cumberland, requesting we would Order Captain Winter to deliver him a Cable of the Company's Which is Consigned to Bengal he being in want of one for the use of his ship which is AGREED to, and ORDERED that the Secretary give Captain Winter directions to deliver the same. a Cable Intended for Bengal taken out of ship Eyles.

The Import Warehousekeeper reporting that he hath purchased silver to the amount of two thousand eight hundred eighty seven pagodas thirty two fanams and ten Cash. 2887. 32. 10 ORDERED that money be advanced for payment thereof. Silver bought.

Messrs. Hyde and Burton deliver to the Board a Report of the Treasure ℔ Grantham which all comes out according to the Invoice. Report dd. in of the Treasure ℔ Grantham.

Petition from the Surgeon of the Eyles for head money for thirteen soldiers by that ship read and granted. Head money paid.

then the President told the Board that the reason why he had not met them according to agreement in five days to Consider about the Investment, was that finding the proposals made by the Companys Merchants so very unreasonable he had been endeavouring to see if he could not find some others who would engage with the Company and that Moodu Ramah seemed inclinable to enter into the Contract again, but must first have directions from Arcot which he left to the Board to Consider of. Debates with

then Tomby Chittee being called in, and asked what further proposals he had to make to the Board told them The Merchants about

that he would (On Condition he was advanced thirty five thousand pagodas of which fifteen must always be in the Weavers hands and the other twenty in his, for sending into the Country and providing Cloth) Agree to bring in one thousand bales, but that for the Broad Cloth, he could not possibly pay for that in less than two years.

To the first part of these proposals, the Board Agreed, but would not Consent to allow any longer than one year for payment of the Amount of the Broad Cloth. The Investment.

——*FORT ST. GEORGE, JULY 1732*——

The Merchants urged the disappointment in the last sales and the great Quantity on hand, besides the thousand bales now coming which it would be impossible for them to dispose of in less time, and that they should be great losers by paying so large a sum for Interest.

Five ℔ Cent on the Broad Cloth taken off.

The Board Considering that there was a great deal of truth in their Allegations and knowing that the Honble Company are more desirous that the Consumption of English Manufacture should be encreased than for a small matter more Profit, AGREED to propose to the Merchants to Abate them Five ℔ Cent in the price,

which was done, and after some dispute at last Agreed to by the Merchants.

Moodu Ramah Interrogated as to Coming into the new Contract.

Then Moodu Ramah being called in was Acquainted with the Terms Agreed on with Tomby Chittee, but told the Board he could make no proposals till he had wrote to Arcot and got an Answer which he would get in Six days.

This day the Board met and examind several parcels of Cloth brought in by the Merchants and on offering to settle the prices Tomby Chitty told the Board that the Cloth cost him exactly the same as what before deliverd, to which he was answerd that the Season having been more favourable than the last Cloth must certainly be cheaper He replied that the Cloth now brought in was Contrated for at the same rates and Cost the same prices as the last he deliverd and that tho' the Crop of Cotton may have been some what larger than before yet as it is gatherd the latter end of April and must afterwards be dried, cleansed and Spun, then brought to market from the different parts of the Countrys it grows in, it could not as yet Influence the price of Cloth for which reasons it is as yet impracticable to get any abatement but he assured the Board he would acquaint them with it as soon as ever it Could be done.

Robert Douglas.

To the Hoñble George Morton Pitt Esqr.
President and Governour of Fort St. George &ca. Council.

Honble Sir & Sirs

Our books being brought up for this last year I now lay before you the Account Current of Bengal Presidency, in which there are one or two Articles liable to the same dispute as the Gentlemen in the Bay raised against the Account sent them last year in their letter of the 21st. December last. I shall take notice to Your Honour &ca. of their Objections and offer my reasons why the Account should stand as drawn up here, and not to be altered as they propose.

They first find fault that we charge them for the Bill of exchange paid in August 1730 for Maderas Rupees 6042 . 14 the Sum of Current Rupees 7049 . 12 . 10 when they say the Batta of 10 ℔ Ct. only ought to have been added and they debted them Current Rupees 6646 : 15 : 3 but this Bill being paid in pagodas at the rate of 300 Madras Rupees ℔ 100 pagodas it amounted to Pagodas 2014 . 8 . 20 which at 350 the Constant method of reducing them into Rupees makes the abovementioned sum of Rupees 7049. 12. 10 the difference of 402. 13. 7 being a loss in the Exchange should I think more reasonably be bore by them, than by this Presidency, as the bill was drawn

——FORT ST. GEORGE, JULY 1732——

by them, in this Account for this year there is one bill for Rupees 9621. 9. 6 drawn by them and paid here, but it being paid in Rupees, it will Occasion no difference in this Acco^{t}.

They object against our charging them for 151503 Madrass Rupees sent them by the Cadogan at the rate of 303 ℔ 100 pagodas and then reducing the amount of Pagodas into Rupees at 350 and say we should only debt them for those Madrass Rupees at 350 which makes a difference of Rupees 23500. 3. 2 those Rupees were the produce of silver bought at Pondicherry and stand this Presidency in the Sum of Pagodas charged in the Invoice and that this loss, should be charged to this Presidency, when the Silver was bought for the Service of theirs, doth not seem reasonable.

In the Account for this year there are two Sums one of 182250. 10 Madrass Rupees sent them ℔ ship George and another of 240000 sent them by the Duke of Cumberland, which are Charged them at the rate of 301½ ℔ 100 which being the produce of Silver bought at Pondicherry is charged as near as possible it could be as that Silver came out in the Mint and amounts at that rate to P^{s}. 140049. 34. 40 which sum they are accordingly debted for at the rate of 350 Rupees ℔ 100 Pagodas, making Rup^{s}. 490174. 15. 8 but should they bring this to our Credit in the manner they did last year, by reckoning only the Madras Rupees they received at 350 the loss to this Presidency will be Rup^{s}. 67924. 5. 8 or P^{s}. 19406. 34. 40. I cannot help Observing to your Honour &c^{a}. that hitherto that Presidency hath been debted for all Madrass Rupees sent them which were Coined out of the Silver Consigned us from England at the rate of 350 Madras ℔ 100 pagodas and at the same time they have been Credited for the Amount of all Invoices from thence at the rate of 350 Current ℔ 100 pagodas, which makes a profit to them of ten ℔ Cent upon a very large Sum. How this came at first to be Settled in that manner I cannot find out and I think it but Just they should be debted and Credited at the same fixed rate for Rupees, I therefore beg leave to propose to your Honour &c^{a}. that in all Invoices for the future where Rupees are sent them that ten ℔ Cent be added to the Madras Rupees, and then the Current Rupees charged them at 350 and as they will cause an addition of a Considerable profit to this Presidency where I think it ought to be, all Losses by bills of Exchange or Silver bought and Coined for them by falling short of 350 Current Rupees ℔ 100 pagodas, may be then carried to profit and Loss in our books, and our Account with them both with regard to what sent and received from them, keept at the Constant rate of 350 Current Rupees ℔ 100 pagodas but if at any time as it hath sometimes happened, any silver Consigned them should be taken out of the ships here to Coin into Rupees That Presidency may be Credited for the produce as it comes out in the Mint adding the Batta of Ten ℔ Cent and be debted in the same manner when sent them down, by which means they will be debted and Credited the same sum and the Profits thereon left where it ought to be to that Presidency.

I am with all Respect

The Deputy Governour and Council of Fort Marlbrough having given a Certificate to Mr. Oliver Steward for fifteen hundred 1500 Dollars paid by him into their Cash in Order to be paid one thousand Pagodas here Mr. Morse his Attorney requesting payment of the same the 22d. Paragraph of the letter by the Mountague referd to by them in their Letter was read as also what wrote us this year by the Honble Court of Directors with Relation thereto by which it appears that they have exceeded the permission given them, however as the sum is not very large and that it will be of the greatest prejudice to Mr. Steward if the money be not paid and for that we shall in our next Letter to them put an effectual stop to the doing it again Agreed that we will this once pay the money, but that in our next Letter we Check them for having received it. — Certificate to Mr. Oliver Steward. — Payment requested which is Granted.

The Honble Court of Directors having appointed Mr. Stephen Newcome to succeed to this Board and after him Mr. Frances Rous and the former of these being dead Mr. Frances Rous was called up and took his place as Youngest of Council, Mr. Morse being appointed Import Warehouse keeper and Mr. Rous to succeed him as Scavinger. — Mr. Francis Rous takes his place in Council. From Hussen Cawn to Mr. John Sanderson Chief of Ingeram.

One Meer Abdul Rasaack a Merchant has Complained to me that he and some Others borrowed and took up of one Shakefarazula in Persia some sums of Money on their seperate Bonds to pay after their arrival in Madrass at the Expiration of two Months, that the Captain of the ship acquainted you and did not acquaint them, of his design to sail, and proceed to Madrass without them. And the Captain delivered all their Goods according to the Bill of Loading to Shakefarazulas Gomaster and after that, the owners thereof came to Madrass, and by a false Bill of Loading on pretence of a Mortgage they kept the Goods and would not deliver them till a fresh quantity arrived there, that the price fell very much and a great quantity was wanting in weight, of all which the Governour was well Informed but would not examine it, and to please some Armenians and other Merchants it was sold to favour Shakefarazulas and the produce of it was all paid to Shakefarazula on Account of his Debt, though there was more than his debt by 1000 Pagodas which was taken for Interest and Durbar Charges as he pretends, and sent Abulrazack away empty on this account and to testifie the truth of it he has a paper under the seal of Your Court and signed by the Mayor, upon this he went to Arcot and made his Complaint and Procured an Order to the Phouzdar and others at Porto Novo to make his demand and recover his money when the Register or Writer of the Court Came there and gave him a great deal of trouble and stop'd his business by Occasioning Pharazala to be released and he after sent Peons there and perswaded him to run away and procured him protection, this is not a Just proceeding, Your Actions through all your settlements are of this Nature therefor I requair you to send for Shakafarazalah from Madrass and send him to me or else you shall Answer according to their bonds for 3000 Pagodas and in Case he is gone from Madrass to any other Port You shall answer for that money.

Hadjee Hussain

Mr. Sanderson writes me that he has received a Letter from you relating to Abdull Rezack's dispute with Shack Farazulla which was desided in Madrass I am surprised to find you should give ear to him after he had been twice cast in this place and after he had applied to the Governour of Porto Novo also, and thereby his Cause came to be known to the Nabob Sadahilla Cawn Bahauder who was so sensible of the Justice of my determination in this Cause that he forbad the Governour of Porto Novo to interfere therein. I need not lay before you the great trouble that will arise from hearing such Complaints for if what I determine in this place is set aside at your place the same may be done here to what you determine and both our Orders may be set aside in a third Place, so there will be no end of law suits which Consideration I hope will prevent your giving Ear to Abdull Razack but least it should be otherwise I have sent you a Copy in the Persian Language of the Decree of our Court whereby you will perceive that it was very plain that besides the seperate bonds given by every Merchant there was another Bond signed by the Hodjee Mudafar Hussain and Meer Abdull Razack declaring that they were the heads of the Partnership and that they would be Security for the whole. If it were not so how came the whole quantity of the Thing to be put in one Bill of Lading and to have but one Mark which if it had

——FORT ST. GEORGE, SEPTEMBER 1732——

not been one Joint Concern would have had every Merchants own Mark on his own particular Goods Nobody ever kept the Goods but they were put into the Companys Godown for the Customs and lay there till this Cause was determined and then they were sold by Order of the Court after it was made very plain that Abdull Rezack and Hodjee Mudafar Hussain had Mortgaged them, and if the price fell while they refused to pay their debt nobody is to be blamed but them. Abdull Rezack had no Paper signed by the Mayor with the Court seal to any such purpose as he tells you the only one that was given him is what I now send you a Copy of in Persians and if he has any other it is forged by him or else procured by him to be forged by somebody here and I beg the favour of you to send it to me that I may enquire about it. I send you my Letter to Nabob Sadahilla Cawn Bahauder on account this man and his ill Actions at Portonovo and the Nabobs answer whereby you will find it was not the Register that stoped his business but that the Nabob being sensible he had no Injustice done him forbad the Phousdar to proceed therein.

I have always depended very much on your freindship for the assisting M^r^. Sanderson in his business and therefore cannot perswade myself that a person of your figure and Character who should protect Merchants in their trade and dealings will ever think of Obliging M^r^. Sanderson to make good any Money on this account in which he is no way Concern'd.

29TH. NOVEMBER 1732

ERRORS EXCEPTED ℔ [*lacuna*].

FROM HODJE HUSSAIN PHOUZDAR AT INGERAM RECEIVED 3D. DECEMBER.

I received your letter relating to Meer Abdul Razacks Cause and Observed the Contents, he has no other thing but a Cowl, that you should stop his Goods on Account of Custome is not right nor Sallabad what is due for Customs in all Ports is taken out and the rest Deliver'd to the Owner and not stopt that thereby he may receive no damage on the sale, You write me also that those Goods were Mortgaged on a Respondentia Bond, it was not so, I have examin'd his bonds and find it runs only to repay the Money not for Respondentia and therefore I have sent the Bond to you to examine it again, and as for the Agreement between them that Hodje Muzaffarr Hussain and Meer Abdul Razack should be answerable for the whole but that can't stand good because Shake Pharazula also signs the same with these words (this is void) and therefore can be of no further force and as for the Discharge given Shake Farazula it is false because Hodje Muzafarr Hussen and Meer Abdul Razack can both write and they should have sign'd and sealed the same and Deliverd it to him in the Presence of the Court officers, We Understand the Purport of it and say it is false, as for the Paper given by Your Register from the Court Books to Meer Abdul Razack you must have got a Copy of it to keep but now it seems they have not Sign'd such a Discharge nor have you in Court the Copy I mention ; we understand here that Shake Farazula gave fifty Pagodas to one Mahomud Razack Servant of Meer Abdul Razack by which he prevailed on him to Steal his Masters Seal and Deliver it to him, Immediatly the Poligar of Madrass was informed of it and caught the thief and saw that he had broke open the Chest and stole the seals, he thereupon Confind him some time which the Justice of the Choultry, named Major knows very well and so does Coja Petrose and several others, what Confidence can be put in such People or any thing that they say, Coja Petrose is a man of a good Character enquire of him, but I find your Officers deside things according to their own Customs and Laws and therefore Order'd as they have and not according to our Cast which if you had regard'd there would have been no further Demands nor troubles between them but as it is the Cause is not decided, the Just manner of deciding is that which satisfies both Partys, since this Complaint is made to me the defendant ought to come here that it may be decided without any trouble or future disputes, therefore it is reasonable to dispatch him hither Immediatly to finish the dispute according to Justice such Disputes should not remain unfinished for if the man escapes Your People ought to make it Good, because you are one that I esteem Therefore I have wrote you twice and I desire you will send that Arab here under Charge of Your People it's not well to delay it.

——*FORT ST. GEORGE, DECEMBER 1732*——

To Nabob Mosahid Hussain Cawn.

I have Received your letter giving me Notice of the kindness you have shown to Mr. Graham at Maddepollam for which I thank you Mr. Grahame also writes me of Your Civility and freindship.

I am also to tell you I received a Letter from Mr. Sanderson about the Affair of Abdul Razack which I do not belive came from you because the first Letter to Mr. Sanderson was sign'd by you and was seald also with the words Mosahed Hussain Cawn in Persians, that which you sent me about Mr. Graham was also Sign'd & Sealed in Arabick with the same words but this is not Signed and the seal of it is Rustum Cawn Bahawdur in Persians, I therefore write you this that you may Examine who has Presumed to write to me in your Name and Punish such as shall be Guilty.
